

## Home Learning

Below you can find our plan in case of partial or full school closure.

When schools are closed → home learning takes place

- 1.) You will get a message from the **school management**.
- 2.) The **class teacher** will send you an **E-Mail (IServ)** or **call** you.
- 3.) You **have to answer** the mails/ calls or **call back**.

### **Home Learning is also compulsory education!**

- 4.) You get the **tasks** via the internet (IServ) or you can pick up the material from school (date and time will be given by the teacher).
- 5.) The children have to **perform all tasks**. Please **send back** the finished tasks to your teacher (E-Mail / IServ) or **hand them in** at school (meeting date & time will be announced by the teacher).
- 6.) The home learning tasks **will be graded**.
- 7.) Once a week a **video conference** will take place.
